

BY THE NUMBERS

Thousands of TSA employees nationwide have become members of NTEU—the only union pursuing a comprehensive five-point plan to bring collective bargaining rights and whistleblower protections to TSA, as well as put an end to PASS.

They joined because they know the facts about NTEU and they know about our success in fighting for your workplace rights. Here are some other NTEU numbers that may interest you:

The bill number for legislation in the House of Representatives that would end PASS and provide TSA employees with full collective bargaining rights by statute. NTEU helped to craft the bill's final language.
